Notes				
<p>¹ There is no daily subscription fee for subscribers added to Employee Monitoring. Tariffing is carried out for each unique subscriber number. Subscription fees are charged daily. When changing the frequency of requests, the subscription fee is charged in the amount set for the option with the highest frequency of determinations. When the quantity of subscriber numbers in a group changes, the subscription fee is debited for each unique subscriber number. If a subscriber number falls into several groups, the subscription fee is charged in the amount established for the group with the highest frequency of identification.</p> <p>² Tariffing is carried out for each controlled zone, regardless of the number of subscriber numbers.</p> <p>³ Prices include VAT.</p>
