

Regulation of calls and redirection within Uzbekistan for Ucell subscribers.

Subscribers of Ucell fulfill DIRECT dialing to numbers of general usage network (local and regional numbers), and also to local numbers of mobile companies (including numbers of Ucell) of corresponding region on the assumption of being in this region.

Subscribers of Ucell fulfill calls beyond that region, where their presence is, through intercity network codes.

For using "Redirection" service the following format is used: "+998 XX XXXXXXXX"
