- Switching to current tariff plans is **not available**.
- The tariff is available only for new connections.
- If you subscribe to the “Kapital Tas-IX” tariff plan during the month, the subscription fee is debited on a scaled basis and limits are assigned proportionally until the end of the calendar month, specifically only for the number of days remaining until the end of the month. This condition applies to new subscriptions upon exiting the financial block.
- The subscription fee for the “**Kapital Tas-IX**” tariff plan is debited on the first day of each calendar month.
- The provided limits are available within the tariff for one calendar month.
- If the Client is in an active status and has funds in their balance less than the monthly subscription fee, the subscription fee for the tariff is debited in full.
- If the Client is inactive/has a negative balance, the subscription fee is not debited and tariff plan limits are not assigned. The subscription fee for the tariff plan is debited immediately upon transition to Active status. Subscription fee debiting and limit assignment are scaled based on the number of days remaining until the end of the calendar month.
- When connecting the service, the subscriber's account must have a subscription fee amount proportional to the number of days remaining in the current month.

Note:

Cost for destinations exceeding the limits under the tariff plan terms:

If the included Internet traffic under the terms of the “**Kapital Tas-IX**” tariff is fully used up, the “**Internet Block**” service is automatically activated.
